SUBJECT.

Electric lighting for St. John's Church, Bungalow.

As was the case of St. Andrews & Holy Trinity Churches, the lighting in St. John's is reported to be feeble as the lamps are wearing out. Electric light installation is therefore suggested at a cost of $744/- of which a sum of $244/- can be provided by private subscription. The grant asked for from Govt. comes to $500/-

2. St. John's Church is borne on the books of the Ch. of England & is maintained wholly from Imperial Civil Funds. As such it is entitled to a grant of $500/- from Govt. towards lighting apparatus, this church should have seating accommodation for 500 persons - The papers contain no information on this subject.

Electric lighting for Holy Trinity Church, Bangalore.

The proposal to install electric light for Holy Trinity Church has been forwarded on the 15: June 1910 for the sanction of the Govt of India. The Church has all along had oil lamps & may continue to have the same for some time longer. As the Govt of India have sanctioned electric lighting for St Mark's Church, no objection will presumably be taken for similar lighting in respect of other churches, but we cannot be quite sure, & the matter may therefore perhaps wait.

SUBJECT.

Electric lighting for St. Andrew's Church, Bangalore

Estimate for installation of electric lights for St. Andrew's Church & Holy Trinity Church were forwarded to the Govt of India on the 15th June 1910 & their orders have not yet been received. In respect of Holy Trinity Church, sanction was, as an urgent case, accorded to the work being put in hand in anticipation of sanction of the Govt of India because the A. C-R-S reported that funds were available. In the case of St. Andrew's Church similar sanction to commence work is asked for, but the A-C-R-S does not say whether the necessary funds are available nor does it appear from his letter that the work is urgently required.

6. The Govt. have sanctioned the maximum grant in respect of the lighting appliances (₹500). Sl. 24 Nothing expenditure was incurred to an extent of ₹40/- in extending electric installation to the pulpit, & as the expenditure was the most for minor works Civil allotment, it seemed unnecessary at the time to obtain the sanction of the Govt. of India. Such sanction is, however, considered necessary by the A-G-Under- Para 37 Rule.

7. According to rule 24 (1) (i) of the Ecclesiastical rules, candlesticks for pulpits are to be supplied at the maximum cost of ₹40/- per set, but their renewal & repair is to be provided for by the V.M.A. subject to the conditions of order 27. The renewal of light for the pulpit in the present case appears to be a charge on Govt. as St. Peter's church seems to be primarily intended for the accommodation of Troops. It is not, however, altogether free from doubt whether the grant of ₹500/- already made for Govt. fixed fittings to be held to include the electric installation should not also include Govt. contribution for the electric installation for the pulpit. In any case the amount under objection (₹40) being small, the Church authorities may probably find it possible to make good the sum for church fund.

Pl. see chaplain's note below - I hardly think he could be expected to spar the amount. When Col Reynolds made his note, the present very strict rules re Expenditure on Churches had not come into force or were not fully understood The objection arises not from the supply of these pulpit lights (wh. are authorized and formerly did not exist) but from the fact that the G of I sanctioned only Rs 500 whereas Rs 540/ were spent under authority of the Local Govt, whose action seems to have been ultra vires. I see nothing for it but to comply with suggestion made in DG's W. 4054/4 of 12-4-12

Pl. There is nothing in this office to show that the Local Govt (Resident) formally sanctioned the expenditure of Rs 40/- for electric lighting to the pulpit. The A.C.R.E. apparently agrees para 3 of note as such sanction. In para 10 of note the Chaplain says that there will no candlesticks in the pulpit when he took over charge in 1910, but the Church must have originally come furnished with the same before. It is not being that the Church remained able along without candlesticks for the pulpit. ~~The provision of electric lights may~~ ~~have to be regarded as a renewal of~~ the Church authorities are unwilling to pay for the same the Cost should be borne by the H.W. dept (Civil Minor Works) under the rule above cited. It would perhaps be possible for the A-Comm to treat this expenditure as a charge quite independent of Electric installation in the Church for which a sanction of £500 - was sanctioned by the Govt of India, & to debit the sum of £40/- to the Civil Minor Works grant. ~~This will be carried~~ A reference to the Govt of India in the circumstances of the case does not appear to be justifiable, & the course suggested, if complied with, will tend to terminate the present difficulty - Sa. 24

Please See Notes from page 2 onwards. The D.G. & Major Fraser Calmly assume that the Local Govt have issued orders ultra vires, but you will See from page 2 that I merely made a M/o Suggestion to Col. Reynolds wh. he accepted. Col: R. has already spent the money (vide P. 30) without Sanction & no orders have issued from this Office in the matter. Letter from the Lieutenant General Commanding,
9th(Secunderabad)Division,
To the Chief Secretary to the Government of Madras,
Dated 11th February 1910,
No.514-M.W.S.

In accordance with the procedure laid down in part V Rule 2 of Government of India, Home Department Ecclesiastical Notification No.465,dated 6th November 1909, I have the honour to submit for favour of consideration the following proposal together with an estimate amounting to Rs.1244/- for installation of electric light in the Holy Trinity Church,Bangalore , in place of oil lamps.

Enc. A.

2. The Chaplain of Holy Trinity Church reports that the present lamps in the church are in a very bad state, being very old and not repairable, and that some of them are useless and others give such a poor light that the church is in semi-darkness, and desires that steps be taken for lighting the church with electricity from the electric system installed in the Civil and Military Station,Bangalore.

3. The church is classed as a first class military church, having been built by Government in 1848 at a cost of Rs.35,000 and seated for 630 and is maintained by Military Works Services from Imperial Civil Works Grant.

4. It has been ascertained from the Chaplain that the cost of maintenance of the proposed installation of electric lights and the whole of the working charges would be met by the Church funds and private subscriptions.

4. Half the cost of the installation viz.Rs.622/- will be met by private subscriptions from the congregation and a grant of Rs.622/- from public funds is desired to carry out the work.

BANGALORE.

No. 3342

20 June 1910.

Dear Mr. Mitchell,

The Madras Government have forwarded to the Resident the correspondence relating to the proposal to instal ---- electric lights in St. Andrew's Church, Bangalore.

This Church is classed as a First Class Military --- Church of 500 sittings under an order of the Madras Government passed in 1878, and, consequently under Part V, Rule 24 (1)(i) of the Ecclesiastical Rules published in Home Department notification No.465, dated the 6th November -- 1909, the maximum grant admissible for lighting apparatus appears to be Rs.500/-

In your letter No.35, dated the 2nd October 1907 to the address of Assistant Commanding Royal Engineer, it was intimated that the cost of the installation would be at least Rs. 2,000/- and that the Congregation were prepared to pay the difference between the grant then asked for -- from Government, viz., Rs.1,000/- and the actual cost of the

the installation. In other words the Congregation were -- then prepared to pay not less than Rs.1,000/- for the --- purpose. The revised estimate prepared for the work ---- amounts to Rs.1,178, and the Resident will be glad to be informed of the amount of contribution which may now be expected from the Congregation.

Dated Bangalore, 15th June 1910.

SIR,

I have the honour to forward herewith, for the orders of the Government of India, copies of letters Nos.4176-M.W.S. and 514-M.W.S., respectively dated the 23rd December 1909 and 11th February 1910, from the Lieutenant ---- General Commanding, 9th Division, to the address of the Chief Secretary to the Government of Madras, (with papers received therewith) recommending the installation of electric lights in St. Andrew's Church and Holy Trinity Church, Bangalore.

2. The existing oil lamps in these Churches are reported to have become old and unserviceable and it is --- proposed to take advantage of the electric current now --- available in Bangalore for the installation of electric light in each case as an improvement upon the former arrangement. The cost of the installation is approximately estimated at Rs.2,422 (Rs.1178 for St. Andrew's Church and Rs.1244 for Holy Trinity) of which a sum of Rs.1300/- will be met by the management and congregations leaying a balance of Rs.

x

of Rs.1122/- to be provided from public funds. Both the ---- Churches are classed as "First Class Military Churches". St. Andrew's contains seating accommodation for 500 persons and Holy Trinity for 630. The two Churches are therefore eligible, under rule 24(1)(i) of Part V of the Rules contained in Home epartment Notification No.465, dated the 6th November 1909, for a maximum grant of Rs.1130 for lighting apparatus.

3. In these circumstances I beg to submit the proposal for the favourable consideration of the Government of India and to recommend that sanction may be accorded to the estimates and to the grant of Rs.1122/- from Government funds.

In accordance with the procedure laid down in Rule 2, Part V of Government of India (Home Dept. Ecclesiastical) Notification No.465, dated 6th. November 1909, x I have the honour to submit for favour of consideration, approval and transmission to the Secretary to Government of India in the Home Dept. an estimate amounting to Rs 744/- for the installatio of electric light in St. John's Church at Bangalore.

2. The lighting of the Church is now by oil lamps which are wearing out and the illumination is very poor. It is proposed to install electricity from the Mysore Durbar main which passes near the Church. The maintenance of working expenses of the installation will be defrayed from Church Funds.

3. St. John's Church is borne on the books of the Military Works Services and is maintained wholly from Imperial Civil Funds.

4. To meet the initial cost of the installation Rs 244/- can be provided by private subscription and it is desired that Rs 500/- may be granted from Public Funds.

5.

Dear Sir,

The Lieutenant General, Commanding 9th Division, has forwarded the papers relating to the proposal to instal electric lights in St. John's Church, Bangalore.

The cost of the installation is estimated at Rs.744/- and it is desired that of this sum Rs.500/- should be granted from Public Funds the balance Rs.244/- being provided by private subscription. As the Church contains seating accommodation for 450, the maximum grant admissible for lighting apparatus under the rules appears to be only Rs.450/- The Resident will therefore be glad to be informed whether the amount of private contribution can

Electrification of the Holy Trinity Church
Bangalore.

Sir,

I have the honour to inform you that the Assistant Commanding Royal Engineer, Bangalore reports that the oil lamps in Holy Trinity Church are now so worn out as to be dangerous. It is understood that one of them caught fire on Sunday the 5th. June 1910 during the evening service, and was with some difficulty removed. All burn very badly, the light is very poor and the provision of new lamps or the installation of Electric Light is becoming a pressing necessity.

2. The estimate for lighting the Church by electricity was forwarded to the Government of Madras on the 7th. April 1910 for submission to the Government of India, Home Department and I have the honour to enquire whether under the circumstances reported above, it would be possible to sanction work on the electrification of the Church being put in hand pending formal sanction by the Government of India.

Sanction has already been given, as a special case, to start the work. (S 13).

3.

(24)

3. The amount of the estimate is Rs 1244/- of which Rs 622/- will be contributed from private subscription.

4. I attach for information a copy of Director General of Military Works' letter No.435-E, dated 21st. June 1910 saying that reference should be made to the Local Government which I understand is the Hon'ble the Resident in Mysore as concerns churches in Bangalore.

Sir,

With reference to your letter no. 4256, dated the 16th July 1910, regarding the proposed installation of electric lights in St. John's church, Bangalore, I am directed to explain that a Government grant for the renewal of lighting apparatus in a military church is admissible under rule 27 in part V of the ecclesiastical rules only when the existing equipment is in such a condition as to require renewal. It appears from paragraph 2 of the letter from the Leiutenant-General-Commanding 9th (Secunderabad) Division, no. 1924 M.W.S., dated the 16th June 1910, that the lamps now in use are not actually unserviceable. As, however, the matter does not seem to be free from doubt, I am to request that the Government of India may be informed whether the case is actually one of necessary renewal, or merely one of replacement by a better equipment to be dealt with under rule 26 of the rules referred to above.

SIR,

I have the honour to refer to the Home Department's letter No. 361 (Ecclesiastical), dated the 11th August 1910, sanctioning a grant of Rs. 1,122 from public revenues, Rs. 500 for St. Andrew's Church, Rs. 622 for Holy Trinity Church, towards the cost of the installation of electric lights in St. Andrew's Church and Holy Trinity Church, Bangalore.

2. In putting up the electric installation for St. Andrew's Church, the pulpit of that Church was also supplied with lights at a cost of Rs. 40 for which no provision was made in the original estimates. As the supply of lights for pulpits at public expense appears to be admissible under rule 24 (1) (i) Part V of the Ecclesiastical rules contained in the Home Department's Notification No. 465, dated the 6th November 1909 I would request that the Government of India may be pleased to sanction the extra expenditure of Rs. 40 incurred in the present case from the allotment for Civil Minor Works
